

Smart Schools Bond Act

Abraham Wing School District
Posted to school website on

What is the SSBA?

The purpose of the Smart Schools Bond Act is to improve learning and opportunity for public and nonpublic school students by funding capital projects to:

1. Install high-speed broadband or wireless internet connectivity for schools and communities.
 2. Acquire learning technology equipment or facilities, including but not limited to interactive whiteboards, computer servers, and desktop, laptop, and tablet computers.
 3. Construct, enhance, and modernize educational facilities to accommodate prekindergarten programs and to provide instructional space to replace classroom trailers.
 4. Install high-tech security features in school buildings and on school campuses, including but not limited to video surveillance, emergency notification systems, and physical access controls.
- 

What are the focus areas for the SSBA?

- Community & school connectivity
- Pre-K & mobile classrooms
- High-tech security
- Classroom technology/devices

SSBA Process Implementation:

1. Allocation - \$120,000
2. Instructional Technology Plans - submitted this fall - available on website
3. Stakeholder engagement /identify district needs - projects may be completed in phases
4. Two possible paths:
 - a. Capital planning - projects follow standard process or
 - b. Stand-alone does not require voter approval
5. Plan draft -post on website for community input
6. Board plan approval
7. Plan submission
8. Review
9. Approval
10. Expenditure and Reimbursement of Funds

Phase 1: Security

- Main entrance lock with button control and exterior camera
- Protective slider for reception area
